CREATE NODE-RED SERVICE :

The screenshot displays the Node-RED web interface in a browser. The address bar shows the URL: `node-red-ctslm-2022-11-10.eu-gb.mybluemix.net/red/#flow/b15a6e196fee4644`. The interface includes a left sidebar with node categories (common and function), a central workspace with a flow named 'Flow 1' containing an 'inject' node and a 'msg.payload' node, and a right sidebar with a 'debug' console. The debug console shows a series of messages: '11/10/2022, 2:26:52 PM node: 12f2649a.000d98 msg.payload: string[16] "Welcome node red"', followed by similar messages at 2:26:53 PM, 2:26:54 PM, and 2:26:57 PM.
